

CESI RICERCA

*White Certificates:
the Italian experiences gained in Regulation,
Monitoring & Verification and Electricity Market contexts.*

Welcome address

Ugo Graziani

Managing Director

CESI RICERCA

Milano

October 22nd 2008

Who is C E S I R I C E R C A

- A publicly controlled Company:
 - ENEA, the "Italian National Agency for New Technologies, Energy and the Environment", holds 51% of its shares
 - CESI, the "Italian Electrotechnical Centre of Experiences Giacinto Motta" S.p.A., holds the remaining 49%
- Mission: to develop research projects of general interest for the national electricity system
- Funding: national (e. g. **RDS - Ricerca di Sistema**) and international (e. g. EU)

The context

- Organising a thematic workshop on DSM issues:

now a solid tradition for Countries hosting ExCo meetings of IEA-DSM

- Last hosts:
 - Belgium (“Smart metering”) – 2007
 - Korea (“The future of DSM”) – 2007
 - India (“Stand-by and related issues”) - 2008

The context

- Italy is now hosting the 32nd ExCo meeting of IEA-DSM
- Italy relies on experience of four years in the field of White Certificates
- The present workshop: to favour diffusion of the gained knowledge on White Certificates
 - at national level
 - at international level

The twofold target of ...

- **National:** chance of diffusion of results of activities:
 - of public and very wide interest
 - performed for AEEG, the Regulatory Authority entrusted of implementation of scheme on White Certificates
 - funded within the national framework of *Ricerca di Sistema* 

The twofold target of . \ \ .

- **International:** follow-up of activities:

- Performed for IEA-DSM

- Task XIV “Market mechanisms for White Certificates trading”, 6 participating countries
- People at present in . \ \ . headed the Task and acted as national expert.

WELCOME

&

THANK YOU
