

IEA DSM Technology Collaboration Programme

Members & Projects

Member Countries

Australia	New Zealand
Austria	Norway
Belgium	South Korea
Finland	Spain
India	Sweden
Ireland	Switzerland
Italy	United Kingdom
Netherlands	United States

Sponsors

EfficiencyOne Nova Scotia
 European Copper Institute (ECI)
 Regulatory Assistance Project (RAP)

Projects and Lead Countries

Ongoing Tasks

- Task 24** Closing the Loop – Behaviour Change in DSM from Theory to Policies and Practice
NEW ZEALAND
- Task 25** Business Models for a more Effective Market Uptake of DSM Energy Services
NETHERLANDS

Completed Tasks

- Task 1** International Database on Demand Side Management Technologies & Programmes | NETHERLANDS
- Task 2** Communication Technologies for Demand-Side Management | UNITED KINGDOM
- Task 3** Cooperative Procurement of Innovative Technologies for Demand-Side Management | SWEDEN

- Task 4** Development of Improved Methods for Integrating Demand-Side Options into Resource Planning | UNITED STATES
- Task 5** Techniques for the Implementation of Demand-Side Management Technology in the Marketplace | SPAIN
- Task 6** DSM and Energy Efficiency in Changing Electricity Business Environments | AUSTRALIA
- Task 7** International Collaboration on Market Transformation | UNITED KINGDOM
- Task 8** Demand-Side Bidding in a Competitive Electricity Market | UNITED KINGDOM
- Task 9** The Role of Municipalities in a Liberalised System | FRANCE
- Task 10** Performance Contracting | SWEDEN
- Task 11** Time of Use Pricing and Energy Use for Demand Management Delivery | UNITED KINGDOM
- Task 13** Demand Response Resources | UNITED STATES
- Task 14** Market Mechanisms for White Certificates | ITALY
- Task 15** Network Driven DSM | AUSTRALIA
- Task 16** Innovative Energy Services | AUSTRIA
- Task 17** Integration of DSM, Energy Efficiency, Distributed Generation and Renewable Energy Sources | NETHERLANDS
- Task 18** Demand-Side Management and Climate Change | AUSTRALIA
- Task 19** Micro Demand Response and Energy Saving | UNITED KINGDOM
- Task 20** Branding of Energy Efficiency | INDIA/RAP
- Task 21** Standardisation of Energy Saving Calculations | NETHERLANDS
- Task 22** Energy Efficiency Portfolio Standards | INDIA/RAP
- Task 23** Role of Customers in Delivering Effective Smart Grids | UNITED KINGDOM
