**TASK XXII - Energy Efficiency Portfolio Standards**

<b>Jurisdiction Overview</b>											
<b>Name of Country</b>											
<b>Name of Jurisdiction</b>											
<b>Spread / Size of Jurisdiction</b>	<table border="1"> <tr> <td>Area :</td> <td></td> </tr> <tr> <td>Population :</td> <td></td> </tr> <tr> <td>Total Primary Energy Consumption (FY 2009):</td> <td></td> </tr> <tr> <td>Electricity Consumption(FY 2009) in MU :</td> <td></td> </tr> <tr> <td>Peak Demand (FY 2009) in MW:</td> <td></td> </tr> </table>	Area :		Population :		Total Primary Energy Consumption (FY 2009):		Electricity Consumption(FY 2009) in MU :		Peak Demand (FY 2009) in MW:	
Area :											
Population :											
Total Primary Energy Consumption (FY 2009):											
Electricity Consumption(FY 2009) in MU :											
Peak Demand (FY 2009) in MW:											
<b>Jurisdiction is Governed by</b>	<input type="checkbox"/> State Government <input type="checkbox"/> Central Government <input type="checkbox"/> Local Government <input type="checkbox"/> Other- (specify).....										
<b>Governance Structure</b>	<i>(Governance structure associated with energy efficiency, climate change etc)</i>										
<b>List of Sub Jurisdiction</b>	<i>(list down all sub jurisdiction) (e.g. If India is Jurisdiction, individual states are sub jurisdictions)</i>										
<b>Intra Jurisdiction Commitments</b>	<i>(list down all the commitments associated with energy efficiency, climate change)</i>  <i>(also specify whether intra jurisdiction commitments form part of any broader multinational/international agreement)</i>										
<b>Legal &amp; Policy Structure</b>	<i>(list down the acts / decrees associated with energy efficiency and climate change)</i>										
<b>Institutional Structure</b>	<i>(Describe in detail the institutional structure and their authorities for energy efficiency and climate change etc)</i>										

## TASK XXII - Energy Efficiency Portfolio Standards

<b>Policies and Programs</b> <i>(list down all implementation policies and programs associated with energy efficiency, renewable, GHG emissions etc. and sort them based on different approaches listed in next column)</i>	<input type="checkbox"/> Regulatory Directives 1. <i>(Please provide a brief description of each Implementation Policy / Program)</i> 2. <input type="checkbox"/> Voluntary Agreements 1. 2. <input type="checkbox"/> Incentives or Subsidies 1. 2. <input type="checkbox"/> Financing Options 1. 2. <input type="checkbox"/> Education and Outreach 1. 2. <input type="checkbox"/> Other- (specify).....
<b>Information Resources</b>	
<b>Contacts</b>	
<b>Sources</b> <i>(E.g. Documents reports in support to the policies / programs identified above, web addresses etc)</i>
